Google+ Setup

⇒ If you DO NOT have a Gmail account, start here!
(If you do already have a Gmail account start at page 5 of this document)

1. Go to the Bioscience Montana Google+ page. Click on the “Join Google+” button.

http://gplus.to/BioscienceMontana

2. Now you’ll see the Google sign-up page. Enter the required information and click “Next Step” when finished. Be sure to write down your username and password before continuing!
3. Page 2 will show your newly created profile. Go ahead and click “Next Step” again. (You can add your photo later!)

4. Page 3 will welcome you to Google+ and display your new Gmail address. Now click “Continue to Google+” to start using Google+.
5. Now you should be on the Bioscience Montana page again! But, this time you’ll see a red “Follow” button. To follow the page, just click the “Follow” button.

Note: When you click the “Follow” button you’ll see a list of possible “Circles” in which to add this page. Just add it to your “Following” list for now.
You’ll notice that the red “Follow” button has changed to a green “Following” button. You’re now following the Bioscience Montana page!

6. Just to make sure everything is working the way it should, click on the “Home” icon on the left menu. If you are following the Bioscience Montana page you should see the welcome post shown below.
If you already DO have a Gmail account, start here!

1. Go to Bioscience Montana Google+ page.
   
   http://gplus.to/BioscienceMontana

2. If you're not signed in to Google you'll see the following page. Just click on the "Join Google+" button to start.

3. Then you'll want to sign in with your Google email (Gmail) and password.
4. Once you’re signed in, or if you were already signed in to Google but not following the Bioscience Montana page, you’ll see this page – with your Google account user name in the upper right corner. Just click the “Follow” button. That’s it!

5. Just to make sure everything is working the way it should, click on the “Home” icon on the left menu. If you are following the Bioscience Montana page you should see the welcome post shown below.
Learn more about Google+

If you’d like to learn more about Google+ before we meet in August, visit the two links below for great overviews of exactly what Google+ is and what it can do!

Google+: Learn More

What is Google+ (Google Plus) and do I need it?
http://youtu.be/hC_M6PzXS9g

Explore on your Own

You’ll notice that there’s a menu on the top of every page. From your Google+ home you can access many of the most popular Google applications such as Gmail, YouTube, Maps, Calendar, Documents (Now called Google Drive), and much more!

Coming Soon!

Profiles: More information on how to complete your Google+ profile and how to keep some of your personal information private!

Circles: We’ll be setting up and sharing “Circles” when everybody in the Bioscience Montana community has signed up and signed in. Stay tuned for more information!

Questions? Problems?

If you have any questions about Google+ or are having problems signing up or signing in, please contact Mj Nehasil at nehasil@montana.edu.
