Attention Parents:

The director of the Children’s Summer Sports Camp has made the difficult decision to no longer offer the camp beginning in the summer of 2016. Several factors influenced the decision; the main one being that the growth of the Montana State University campus and the associated construction does not allow for an environment that is safe and conducive to having an enjoyable, productive Children’s Summer Sports Camp. MSU Extended University and the directors of Children’s Sports Camp would like to thank you for supporting this program over many years.

If your child/children have attended in the past, we will keep you and your child on the mailing list for all future youth programs. If your child/children have not attended in the past, but would like to be added to the mailing list for future events, please email Extended University at ContinuingEd@montana.edu

Personal note from Craig & Martie Stewart & Lath McLeod:

It has been an extreme pleasure to serve the children and families of Bozeman and the surrounding areas for over 35 summers. To work and play with your kids in a safe, instructional and fun atmosphere as they grew and developed has extended our own attempts to maintain our youth. Lath and I are teacher/coaches of over 40 years and Martie, while always a devoted mother and grandmother, developed into our best teacher and director of the youngest groups. She especially exhibited her loving abilities in teaching so many of your kids how to swim. We are not leaving Bozeman nor am I leaving MSU, and while missing you in the summers, we will see you around the valley. Be sure to say ‘Hi’!

Craig, Martie, Lath & the staff of MSU Children’s Sports Camp (1979-2015)
