NanoDays™

Tues., March 31, 2009

is a free **family-friendly** day
about NanoScience at MSU

- Meet the scientists •
- Build your own model •
- Manipulate magnetic liquid •
- Take home a free NanoPrize •

Interactive multimedia exhibits, videos and
demonstrations throughout the day • 1pm–5pm

(Teachers: Contact Extended University if you'd like to schedule a
tour for your class: 994-6550 or ExtendedU@montana.edu)

“What’s all this fuss about nanotechnology?”
Presentation • 6pm

Hands-on family activities • 6-8pm

Nanoscience is:

The study of
very...
very...
very...
small things.

Think of it this way:
The head of a pin is
one million nanometers
wide!

Nanoscience help us
make better cancer-
fighting drugs, sports
equipment, clothes,
vitamins, computers and
many other items.

Location: Studio 1080 in the
atrium of the EPS Building
(Engineering & Physical
Sciences) east of the SUB

Children must be accompanied
by an adult. Activities are
appropriate for children
approx. age 8 and up.

Food • Prizes • Games • Demonstrations

Sponsored by:
