

MSU SCIENCE SATURDAYS

HANDS-ON SCIENCE AND RESEARCH FOR KIDS 8-13

Saturday, Nov. 14, 2009 • 1–3pm

What are we made of?

Learn about cells, DNA, genetics, microscopes and more!

Saturday, Dec. 5, 2009 • 1–3pm

Doesn't that feel weird?

What do plastics, wood, clothes, disposable diapers and erasers have in common? Make your own oobleck, gluep and slimy goo, and explore the unique properties of polymers.

Saturday, Jan. 9, 2010 • 1–3pm

How do robots compute and move?

...plus more Science Saturdays in February, March and April 2010!

Science Saturdays are for kids 8-13 and occur in Studio 1080/Burns Technology Center in the lobby of the EPS (Engineering & Physical Sciences) Building, just east of the Strand Union.

Enrollment is limited to 60 students. To pre-register, please call 994-6550 during MSU business hours (M-F, 8am-5pm). If your child needs special accommodations, let us know so we can adequately serve you.

**Free
MSU outreach
for kids!**

Science is fun!
